- This course is designed to reinforce the competent person's knowledge of excavation and trench safety.
- This course will provide participants with the continued understanding of OSHA's interpretation of requirements established by Subpart P.
- Participants will receive up-to-date information regarding new and different types of protective systems that can protect workers in trenches and excavations.
- This course will stress the importance of developing emergency action plans.

This class meets the Georgia Construction Industry Licensing Board requirements of approved safety training for Utility Managers who need to renew their certification.
